EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with D. J. Stockley on 6 April 2007.

The application has been amended as follows:

In claim 4, lines 2-3, delete "or 2-aminoethanethiol".

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest using thiouracil, 3-amino-5-mercapto-1,2,4-triazole or 4,6-dihydroxy-2-mercaptopyrimidine as a complexing agent for gold, such that it would have been obvious to use such a compound in a non-cyanogen gold electroplating solution.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
